

JET LINX RESUMES TWO OF ITS JET CARD MEMBERSHIP PROGRAMS

Membership Offers Guaranteed Availability, Hourly Rates and Highest Safety Standard

OMAHA, Neb. – July 13, 2022 – [Jet Linx](#), the only locally-focused, global private jet management and Jet Card company with 21 Base locations nationwide, today announces the return of its Enterprise Jet Card Membership, designed uniquely to serve its corporate clients, and a Tier II Executive Jet Card Membership for leisure travelers who fly less frequently than its Tier I Executive Membership offering.

The relaunched Enterprise Membership comes as 81% of companies are planning to resume domestic business travel in the next several months, according to a recent Global Business Travel Association [survey](#). The Enterprise Membership guarantees business travelers the highest level of flexibility, safety and service, while its Tier II Executive Membership allows leisure travelers to have access to its Members-only fleet. The announcement was made by Jamie Walker, President and CEO of Jet Linx.

“We made the decision to temporarily pause these Jet Card Membership programs last October to ensure we could properly serve our existing Members as we experienced a surge in demand for our private jet services coming out of the pandemic. Now that we have optimized the fleet to comfortably operate in this new marketplace, we are opening up sales again to serve these types of Members,” said Walker. “Through our unparalleled standards of safety and service excellence, both on the ground and in the air, we are proud to reintroduce the Enterprise and Tier II Executive Jet Card Membership programs and serve as a trusted partner for business and leisure travelers.”

Jet Linx remains the only private aviation company to deliver expansive resources at the national level with the service and personal attention of a local team.
