JET LINX MAKES PREMIER PRIVATE JET TRAVEL PERSONAL

March 30, 2023 – “We haven’t just set the bar for superior service, we’re soaring beyond it.” **Jet Linx** is your personal private jet company headquartered in Omaha, Nebraska, USA. Founded in 1999, the company set out to build a private aviation company that would provide the industry’s only Five-Star customer service experience. And now, 24 years later, the company has established itself as a leader in premier private aviation. Because of their revolutionary innovations, **Luxury Lifestyle Awards** has honored Jet Linx with an award this year, for Best Luxury Private Jet Services in USA.

“It is an honor to be recognized by the Luxury Lifestyle Awards team with this accolade, one that places our company among compelling and innovative luxury brands on an international scale,” said Jamie Walker, President and CEO of Jet Linx. “From day one, Jet Linx has been about our people and it is our people, through their commitment to client experience and Five-Star safety and service, that have made this milestone achievement possible.”

Jet Linx started its journey by delving into competitive offerings in the private aviation space and seeing where there was room for improvement. What they noticed was a lack of a personal touch from a local level, and the client consequently never received the quality of service that should accompany such a high-ticket item. Jet Linx took a fresh, more focused, and localized approach.

Their method entails establishing a local private Base of operation so that they can handle every aspect of the customer service experience. Their clients schedule their flights with a local Flight Concierge team, embark from a local private terminal, and fly on local planes with local pilots they know and trust. And because a national infrastructure backs their local, high-touch private jet operations, you receive the perks of boutique service – but with the power of a national operation.

Jet Linx boasts over 100 aircraft in its fleet, 1,700 Jet Card clients, 21 base locations (and counting), and a 1:12 aircraft-to-member ratio. The company is also the only Forbes Travel Guide Five-Star trained and accredited private aviation company in the world. Their personal approach has led to benefits for clients in a number of areas. They provide maximum convenience and true privacy through their services and allow for flexibility as

they operate light, midsize, super-midsize, and heavy private jet aircraft. Jet Linx is also a leader in the industry for its safety practices, putting your mind at ease during your travels.

About Jet Linx Aviation

Jet Linx Aviation is a locally-focused private jet company founded in Omaha, NE in 1999 as a more personalized approach to national private jet companies. Jet Linx offers three different ways to experience private aviation — a guaranteed Jet Card, Joint Ownership, and private jet management program — providing its clients with an all-encompassing, local solution to all of their private jet travel needs. Jet Linx is an IS-BAO Stage 3, ARGUS Platinum Elite and Wyvern Wingman safety rated operator, an accomplishment earned by less than one percent of all aircraft operators in the world. In 2019, Jet Linx became the only Forbes Travel Guide Five-Star trained and accredited private aviation company in the world. In addition to establishing the independent global rating system's preeminent and unparalleled service standards for the in-flight experience, Jet Linx also collaborated with Forbes Travel Guide to develop their own customized, proprietary Jet Linx standards of service excellence. Jet Linx is headquartered in Omaha, Nebraska and has Base locations in Atlanta, Austin, Boca Raton, Boston, Chicago, Dallas, Denver, Detroit, Ft. Worth, Houston, Indianapolis, Miami, Minneapolis, Nashville, New York, Omaha, San Antonio, Scottsdale, St. Louis, Tulsa and Washington D.C. For additional information, please visit the Jet Linx website (www.jetlinx.com).
